

PRODUCT SPECIFICATION

REF 51011035 SALVEQUICK DETECTABLE PLASTERS
(ADHESIVE BANDAGES), STERILE

1 GENERAL PRODUCT DESCRIPTION

Description

Detectable, sterile adhesive bandages (plasters), of two sizes, medium and senior, packed in a cardboard refill intended for the Cederroth (Salvequick) dispenser for adhesive bandages. The sterile bandages are protected by a paper cap.

The Salvequick Detectable bandages are detectable by most common metal detectors and the blue color also makes them easy to detect visually, which makes these plasters suitable for restaurants and the food industry. The plasters can easily be pulled out with just one hand and applied on the wound.

CE labelled Medical device.

Storage information

Dry storage in room temperature. For maximum protection, keep in original package until use.

2 DETAILED PRODUCT INFORMATION
