

SALVEQUICK

# X-Ray Detectable plaster dispenser

Salvequick Dispenser X-Ray Detectable with blue x-ray and metal detectable plasters is specially designed for use in the food industry. For quick and easy access to plasters. The plasters are visible and clean until needed.

In the Salvequick Plaster Dispenser, you pull the plasters downwards in the dispenser, which avoids getting any dirt or blood on the other plasters.

Salvequick Plaster Dispenser and Plasters are a complete and easy-to-use system. The plasters are always available and ready to use. The plaster refills are locked away in the dispenser in order to avoid waste, which is easily opened with a special key. Transparent cover protects against dust.
