

PRODUCT SPECIFICATION

REF 901903 BURN COVER

1 GENERAL PRODUCT DESCRIPTION

Description

Burn Cover is a waterproof hydrogel plaster intended to be used for protection of minor burns and scalds. The plasters provide a cool and soothing moist environment, that is beneficial for wound healing. The colour is blue to make the plasters visually detectable. The plasters are individually packed and sterile.

Always cool the burn for 20 minutes prior to applying the Burn Cover. Do not use on large or severe burns or wounds that are infected or bleeding.

CE-labelled Medical Device.

Storage information

Dry storage in room temperature. For maximum protection, keep in original package until use.
